

Wireless medical keyboard

Easy to clean and disinfect

Purekeys Wireless Medical keyboards and Mice

Purekeys is a manufacturer of easy to disinfect keyboards and mice for use in all medical environments..

All Purekeys medical keyboards combine a completely flat top with the tactile feedback of a normal keyboard. The flat top surface is made of a high grade silicone rubber and can be cleaned with any hospital grade disinfectant. With cleaning time less than 5 seconds, best practice to clean between patients can be easily achieved.

Advantages

- ❑ Flat surface that is easy to clean and disinfect between patients
- ❑ The Purekeys keyboard has a dedicated Clean Key that allows to disable input when cleaning
- ❑ Can be cleaned with all hospital grade disinfectants
- ❑ Tactile feedback of a normal keyboard
- ❑ Plug and Play compatible with all Windows-based PC's
- ❑ White color has a fresh and clean look

Flat surface: easy to clean without the need for immersion, no raised surfaces where bacteria can hide
