

## KEYSONIC ACK-3410

Super Mini keyboard with  
integrated Smart-Touchpad

### Key features

- Modern design in noble, matt black SoftSkin coating
- New smart multi-touchpad
- Full functionality of a full-size layout keyboard
- High-quality X-type membrane technology
- Plug & Play
- Ideal for space limited environments

### Packing content

1x ACK-3410, 1x manual

## Fits everywhere

The ACK-3410 is so compact that it easily fits into the smallest working environments. With its width of just under 22 cm, there is not necessarily the need to forego comfort functions like a mousepad. Thanks to the 200 cm cable, it can be used flexibly and does not have to be installed in the immediate environment of the workstation. Since there is a cable and no batteries need to be changed, it can be installed in a stationary position.

### Technical data

<b>Model</b>	ACK-3410
<b>Article no.</b>	60377 (DE) 60378 (US) 60486 (FR)
<b>EAN code</b>	4250078166986 (DE) 4250078166993 (US) 4250078168683 (FR)

<b>Operating system</b>	Windows®

## KEYSONIC **ACK-3410**

Super Mini keyboard with integrated Smart-Touchpad

### Compact design

Super Mini keyboard with SoftSkin coating, pleasant feel and ideal for use in a space limited environment.

### Smart-Touchpad

The keyboard has an integrated multi-touchpad with two separate mouse buttons. Various commands such as mouse movement, double-clicking, dragging, scrolling and right-clicking objects can be executed by the intelligent recognition of the input with one to three fingers.

### Protects fingers & ears

The X-type membrane makes typing much quieter than with conventional keyboards and additionally to this, the X-type membrane has the following advantage: a pleasantly soft haptic feedback
