Waterproof Mini Size Industrial Keyboard

Ergonomically designed silicone coated keyboard with 88 keys and 12 function keys. Our KeySonic keyboard has an excellent tactile feedback and is waterproof to IP68 norm and can therefore even be immersed in liquids.

The surface of the KeySonic keyboard is equipped with a special coating and therefore has a good mechanical and chemical resistance so that you can work with standard disinfectants and the keys print will not fade.

Technical data	
Article No.	28097 (DE) 28100 (UK)
EAN Code	4250078161356 (DE) 4250078161448 (UK)
Case	Plastic
Material	Silicone rubber
Max. degree of protection	IP68
Key count	87 plus 12 function keys
Interface	USB 2.0
Cable length	180 cm
Life expectancy	Approx. 2 million (per key)
Switch travel	1.8 ± 0.5 mm
Pressure point	100 ± 10 g
Operating temperature	0° C to +70° C
Humidity	100 %
Storing temperature	-25° C to +80° C
Humidity	100 %
Layout	German / English
Colour	Black

USB 2.0
connector

Waterproof

Mini
keyboard

Logistical data

Dimension of article	110 x 220 x 10 mm
Dimension of color box	183 x 280 x 37 mm
Gross weight (+Color box)	0.341 Kg
Net weight	0.248 Kg
Packing unit	10 pcs.
Country of origin	China
Import tax	84716060

KeySonic Industry keyboards are antimicrobial and fungistatic and prevent the growth of fungi, mold and spores. Therefore this keyboard promotes sterility.
