KEYSONIC **KSM-5030M-W/B**

Waterproof silicone mouse with USB connector

Everything included

The KSM-5030M has all the necessary functions of a mouse. Left and right buttons are available and a touchpad takes over the function of a mouse wheel.

Compatible

The mouse is connected via USB Type-A and is therefore easy to connect and can be used with wide range of devices.

Better safe than sorry

Protection against water and dust (IP protection class 68) make this mouse an all-rounder. Thanks to the closed silicone surface, it can do its job even in the harshest of situations.
