

Part: KYB-MINIHIVISHUB

Accuratus Mini Hivis Hub - USB Mini Multimedia Keyboard with High Visibility Legends and 2 port USB2.0 Hub

Accuratus Mini Hivis Hub - USB Mini Multimedia Keyboard with High Visibility Legends and 2 port USB2.0 Hub

The Accuratus Mini Hivis, is a mini layout keyboard but with many features, even more than some full size keyboards. The high visibility legends open up new opportunities for those with bad or impaired eye sight, it is widely recognised that a yellow font is far easier to read than white font. The Mini Hivis has 12 multimedia and internet hot keys allowing easy access to your multimedia or navigating websites, there is even a sleep key for those wishing to save power and put their computer into sleep mode.

Integrated in either end of the keyboard is a USB2.0 Hub, giving you 2 high speed ports, perfect for easy use of accessories such as memory sticks / digital cameras. The large bold yellow font on this keyboard have UV protected legends, giving you a long life and durability. Fold out feet are on the rear of the keyboard allowing an adjustable typing angle so that users can adjust the keyboard to suit their own preference.
