Accuratus TRACK 910 Wireless Ergo Trackball Mouse - Dual Bluetooth 5.0/3.0 & RF 2.4GHz Wireless Multi-Device Rechargeable Trackball Mouse

About

The Accuratus Track 910 is a wireless trackball which is ergonomically designed to fit comfortably in your hand. With an integrated scroll wheel perfectly placed for thumb movement along with back and forward buttons the Track 910 is ideal for hours of use. The Track 910 has multi device Bluetooth and RF 2.4GHz wireless connectivity meaning you can hot swap quickly between paired devices such as a PC, Mac and tablet or phone. The trackball is also fully rechargeable, featuring a high capacity rechargeable Lithium battery.

The Track 910 trackball is designed to reduce muscle stress, using the trackball rather than moving your whole arm and wrist around the desk compared to when using a regular mouse.
